Noshid CO began its journey back in 2013. In those times, we were a small-time Dates exporter with one goal in mind; to become the best version of our ideology. Today, we're proud to announce that we're close to that mindset. Noshid's main branch in Tehran is supervised and managed by "Morteza Sanagoo" In his infinite wisdom, Morteza led the company to glory for a period of over 20 years. He summarizes work etiquette in a short but catchy phrase:

"A good partner can reshape a man's destiny."

Here's a quick look into what we perceive at our brand's leverages in comparison to others:
